### DETAILS

SonaSpray "fc"  
Special Color Gold  
1,600 Square Feet  
.5" Thickness

The new Boloco Restaurant is set up cafeteria style but certainly did not want to sound like one. An application of SonaSpray "fc" at .5" made sure of that. The attention to detail, right down to the acoustical performance of this restaurant, ensures the customers an enjoyable environment to relax and dine. Nestled in the heart of Boylston Street, Boloco is sure to be a big hit with the locals.
