

PROJECT PROFILE

Easton's Beach Ballroom

PROJECT

Easton's Beach Ballroom
175 Memorial Blvd
Newport, RI

OWNER

City of Newport
43 Broadway
Newport, RI

DETAILS

SonaSpray "fc" White
5,000 Square Feet
.5" Thickness

Situated directly on the shores of Rhode Island Sound, this function room was receiving more cancellations than renovations due to the poor acoustical performance. The results, due to an eight sided room with all hard surfaces, made both music and speech almost unintelligible. Applied at .5", the SonaSpray "fc" was retrofit utilizing custom trim rings around existing lights and sprinkler heads. Completed in 5 days, the owners are looking forward to a great "08" season. For more information regarding SonaSpray "fc" call 508-678-1118 or visit our web site @ www.atiincorporated.com.
